

starter battery 640 20

Q140 140Ah; 900A

The Q-Batteries starter batteries are batteries tailored to the needs of modern vehicles such as cars, trucks, transporters, boats and many more and have brilliant starting characteristics and consistently high performance throughout the entire service life.

Thanks to SMF (Sealed Maintenance Free) technology, the car batteries are maintenance-free when it comes to refilling water.

Fields of application:

Car, transporter, truck

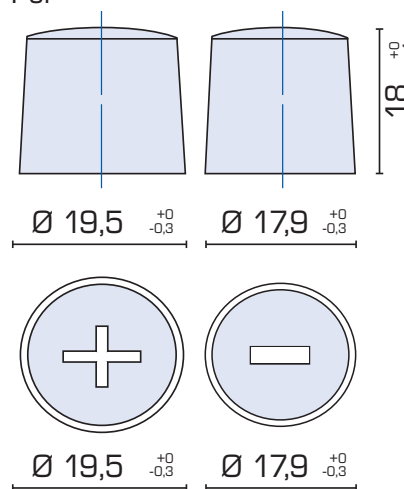

Advantages:

- sealed maintenance-free
- long life time
- good starting performance

Technical features:

Voltage per Unit:	12V
Capacity:	140 Ah
Could Cranking Amps (CCA):	900 A
Weight:	33,7 kg +/- 3%
Layout:	3 (both poles left)
Base Hold-down:	B00 (without basebord)

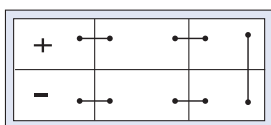

A-Pol

Dimensions:

513mm length x 189mm width x 223mm height

Layout 3 (both poles left)

Base Hold-down B00
